

# NOTICE to ALL DISPLAY OR JUDGED VEHICLE OWNERS FOR THE 2019 INTERNATIONAL MEET

**Fire extinguishers will be required** for any Studebaker being **JUDGED** or **DISPLAYED** at this year's International Meet.

This guideline will be enforced, again, at the 2019 International Meet September 11-14, 2019 in Mansfield, Ohio. The text of this guideline follows below.

**This guideline applies to both Display and Judged vehicles at the meet this year and following years.** This guideline is also applicable to **ALL** zone or regional meets where display or judging of cars is being done.

***“Failure to have an approved Fire Extinguisher will disqualify a Club member to display or enter their car into SDC judging at an official SDC sanctioned meet or show.***

*The fire extinguisher must be UL listed or equivalent and fully charged. The minimum for all vehicles is a **UL type 1-A:5-B:C**. For fire extinguishers without a gauge; insure that the nozzle is not obstructed and the safety seal is intact. The extinguisher need not be permanently mounted, but must be clearly visible and readily available.*

*When the car is on display, the fire extinguisher should be on the ground near the left front wheel. For Drive-through judging, the fire extinguisher may be on the front seat or floor, but readily visible and available.”*

**This motion took effect January 1, 2017**

The fire extinguisher mentioned above is readily available at **Lowes, Home Depot** and **Menards** and your local hardware store for prices beginning around \$20.

Please be sure to have your fire extinguisher clearly visible when driving onto the judging area on Richland County Fairgrounds in Mansfield, Ohio Thursday (**Class 1-4**) or **Friday (Class 5-9 & SI)**, and near the left front wheel when your car is on display on Saturday.
