

NOTICE to ALL DISPLAY OR JUDGED VEHICLE OWNERS FOR THE 2020 INTERNATIONAL MEET

Fire extinguishers will be required for any Studebaker being **JUDGED** or **DISPLAYED** at this year's International Meet. This guideline is also applicable to **ALL** zone or regional meets, sanctioned by SDC, where display or judging of cars is being done. This guideline will be enforced, again, at the 2020 International Meet August 5-8, 2020 in Chattanooga, TN. The text of this guideline follows below:

“The SDC Board of Directors has also stipulated, effective 1/1/2017, that a fire extinguisher is required for each car, displayed or judged, at all SDC sanctioned Meets.”

*The fire extinguisher must be UL listed or equivalent and fully charged. The minimum for all vehicles is a **UL type 1-A:5-B:C**. For fire extinguishers without a gauge; ensure that the nozzle is not obstructed and the safety seal is intact. The extinguisher need not be permanently mounted, but must be clearly visible and readily available.*

When the car is on display, the fire extinguisher should be on the ground near the left front wheel. For Drive-through judging, the fire extinguisher may be on the front seat or floor, but readily visible and available.”

The fire extinguisher mentioned above is readily available at **Lowes, Home Depot** and **Menards** and your local hardware store for prices beginning around \$20.

Please be sure to have your fire extinguisher clearly visible when driving onto the judging area on Camp Jordan Thursday (***Class 1-5***) or Friday (***Class 6-9 & SI***), and near the left front wheel when your car is on display on Saturday.
